

Instrument model repositories

An [ESS DMSC GitLab repository](https://git.esss.dk/dam-group/ess-instrumentmodels/) for McStas (and Vitess) instrument models has been set up for the DRAM group at <https://git.esss.dk/dam-group/ess-instrumentmodels/>

To access, you will need credentials for the ESS DMSC infrastructure.

The repository has been populated using models from either

- The [NOSG repository](#)
- The [DG repository](#)
- Instrument models circulated via email
